

STYLED SHOOT AGREEMENT

I commit to providing my best possible work to each and every styled shoot I participate in.

As you know, every collaboration is different. It's important to me to set expectations for the shoots I participate in. This ensures that all participating vendors have realistic expectations of what to expect from me, and I in turn have realistic expectations of what I can expect from my collaboration.

If you find that you can't accommodate a request of mine, please let me know before the shoot! There are certain things I'm very particular about, while I'm a bit more lenient on other points.

I appreciate your understanding of my guidelines for shoot participation, and I can't wait to work with you all!

-
- Collaboration cost (\$20) must be paid prior to shipping of materials for shoot.
 - Sablewood Paper Company will be sole stationer/calligrapher/signmaker participating in the shoot.
 - Stationery/paper goods may not be styled on wood surfaces (unless pre-approved).
 - Stationery should be square (not crooked) to ensure the highest quality photos.
 - Please use due diligence when handling stationery, in the same way that you might protect a rented gown from a high-end bridal store or a loaned piece of jewelry.
 - At least 20 images of Sablewood's contribution to the shoot must be available in the photographer's high resolution, watermark-free gallery.
 - Sablewood will credit all vendors in social media posts.
 - All pieces should be shipped back to Sablewood using the pre-paid return shipping label included in your package within 5-7 business days of the shoot, in original condition.
 - Photo galleries should be sent in a reasonably timely manner, unless submitting for publication. I'm excited to share photos from our collaboration!
